Jack Anderson, Indiana

Dear Fellow Forex Trader ... imagine being able to enjoy the good life through sensible forex trading – even to the extent of stepping off your hated job treadmill and enjoying a life of time and financial freedom as a full time forex trader.

Sound like a stretch?

Well, these folks thought so, too – *until they started to enjoy results like these ...*

REACHED THE STAGE WHERE WE ARE ABLE TO TRADE FULL TIME AND OWE MUCH OF OUR SUCCESS TO YOU

We don't know where to begin to let you know how much we've gained from doing your course... we have reached the stage that we are able to trade full time together and we'd like to let you know that you've completely turned our trading around for the better. We're so grateful and owe much of our success to you.

Rick London

PROFITABLE FOR THE FIRST TIME

I have been learning on my own for about 1.5 years now and after going through the training, I am profitable for the first time in my trading career.

Richard Denver, CO USA

What's more it's perfect for beginners, as well as more experienced traders ...

NOT CLUTTERED WITH A LOT OF INDICATORS TO CONFUSE A BEGINNER LIKE ME

Long's method is SIMPLE too, not cluttered with a lot of indicators to confuse a beginner like me. It's the BEST THING I'VE EVER PURCHASED FOR MY CURRENCY TRADING, PERIOD.

Perry Mumbai, India

Hi ... my name is Long Hang Seng and it wasn't that long ago I was where you probably are now – frightened of losing all my money because I was faced with a bewildering number of 'supposedly easy' ways to make my fortune with forex trading.

So, after a particularly bad losing period, I stopped trading while I analysed what was wrong with all the other systems out there.

Finally I was able to create my own system and rebuild my finances. And, most recently, I turned a \$5000 micro account to a \$100,000 account in the space of a few months.

So now it's time for me to keep my Karma sparkling clean by offering you a helping hand up to trading success, just I have to the other good folks who you see have given me such kind comments.

WHAT MAKES MY PROGRAM LEAVE THE REST CHOKING IN MY DUST?

Because most other programs shoot for maximum profits all the time, they inevitably take dangerous risks. **But my approach is refreshingly different, which is why you get different (and better) results ...**

You see, it's not JUST about making profitable trades. It's ALSO very much about AVOIDING LOSSES by not taking bad trades ...

**I'VE AVOIDED LOSSES BY NOT TAKING TRADES
I WOULD HAVE IN THE PAST**

With Long's training, I have avoided losses by not taking trades I would have placed in the past. I also caught early moves shorting several of the commodity markets after parabolic rises.

I can even give you back your lost confidence

Yes! If your confidence has taken a knock from losing trades, **then this will be the confidence builder you need** – *because success breeds SUCCESS ...*

**YOU GAVE ME THE CONFIDENCE TO KEEP TRADING
AND MY ACCOUNT IS NOW DOUBLED IN SIZE**

The knowledge gained gave me the confidence needed to continue investing after having had two very tough previous years. I have not had a losing year since attending your course and my investment account has doubled in value.

Molly Huntington, West Virginia

**NOW I SUCCESSFULLY CALL REVERSALS
WHICH HAS BUILT SELF CONFIDENCE**

Before Long...I was always on the wrong side of the trade... I now successfully call reversals...which has built self confidence, and allows me to enter trades sooner and increase trade pips.

Russell Johannesburg, South Africa

THE BENEFIT IS THE GROWTH IN CONFIDENCE

Without a doubt, the benefit of Long's video course and the books is the growth in confidence in entering and exiting the market.

Justin Payson AZ

**I NOW TRADE WITH CONFIDENCE
THE BEST INVESTMENT I'VE EVER MADE**

Using Long's candle patterns I have increase my portfolio... ..now I trade with confidence. This is the best investment I have made in my entire life. A million thanks.

Although I thought I knew more than the average person, after reading your books, your training blew me away. In a word, they were AWESOME.

They are, without a doubt, the most valuable tools I have used in my trading. Thank you from the bottom of my heart!

IT TIES TOGETHER ALL THE LOOSE ENDS INTO ONE CONCISE ENTITY

The Candlestick Trading Edge is the best ever! What I like about it is that it ties together all the loose ends into one concise entity. There is a lot of information that further the insights into the understanding candles - many subtleties that were revealed only in this package.

THE BEST THING I'VE EVER PURCHASED FOR MY CURRENCY TRADING, PERIOD

Long's method is SIMPLE too, not cluttered with a lot of indicators to confuse a beginner like me. It's the BEST THING I'VE EVER PURCHASED FOR MY CURRENCY TRADING, PERIOD.

DON'T KNOW HOW I'VE TRADED SUCCESSFULLY WITHOUT IT

I don't know how I've been able to trade successfully without it. Also, combining candles with all time favorite Western indicator is a lethal combination! Thanks Long.

Karen Ft Lauderdale, FL

NO OTHER EDUCATOR TEACHES LIKE LONG DOES

I loved the strict criteria given for certain candles. This has helped me to more clearly define my A trades. No other educator teaches like Long does

Chris Anaheim, Ca

THIS WILL TAKE YOU TO A MUCH GREATER UNDERSTANDING

If you thought you know all about candles, this program will take you to a much greater understanding of how to use them, when to use them and when not to use them.

Dennis Johannesburg, South

THE BEST INVESTMENT I HAVE MADE IN MY ENTIRE LIFE

Now I trade with confidence. Candlestick trading's forex education is the best investment I have made in my entire life. A million thanks.

Jayson Tennessee

So why is my program so highly effective, compared with the others out there?

Because I keep it simple – **making it perfect for beginners as well as more experienced traders** who are feel overwhelmed by all those overcomplicated methods and systems ...

NOT CLUTTERED WITH A LOT OF INDICATORS TO CONFUSE A BEGINNER LIKE ME

Long's method is SIMPLE too, not cluttered with a lot of indicators to confuse a beginner like me. It's the BEST THING I'VE EVER PURCHASED FOR MY CURRENCY TRADING, PERIOD.

Suzi Perth, Western

So I guess there's one burning question on your mind, right now

Because you can see how – once my secrets are your secrets – you'll step up to a bright new world of forex success with the distinct possibility of being

able to become a full time trader. *Like some of my existing clients already have.*

But you're concerned about how much you will need to invest to get access to my powerful program.

But before I reveal that, I want to make this crystal clear ...

I take ALL the risk here.

You see, I can tell how awesome my program is. And my delighted clients can also tell you of their success.

But NOTHING beats you proving to yourself just how good it is.

So I've arranged for you to take a full sixty day test drive. So you don't need to finally decide until you've given the whole program a test drive for sixty days.

And, if you start to trade using the techniques you'll discover inside (why not 'paper trade' to start?) and don't get the results you expect, then simply send me a refund request and you'll receive a prompt and cheerful refund every last cent of your investment.

Ah, yes ... your investment.

Let's suppose you could go to university and study to become a forex trader, as you can for other high paying careers, like a doctor or lawyer.

Attending a decent US university costs around \$60,000 a year. And most US students study for four years before they graduate, so the total university investment in a career as a forex trader would be (4 X \$60,000) = **\$240,000.**

Yet, you can be personally tutored by me (just like at university) for just \$10,000 *and be successfully trading within weeks – not four years!*

And that means you can quickly recoup your investment in my five star training – just like these good folks ...

MADE MY MONEY BACK SEVEN FOLD ALREADY

I watched your videos and I can't believe anybody would want to trade without them. Made my money back 7 fold already and I'm still watching them.

Bob Taigum, QLD.

THE BEST INVESTMENT I'VE MADE IN MY ENTIRE LIFE

Using Long's candle patterns I have increase my portfolio... ..now I trade with confidence. This is the best investment I have made in my entire life. A million thanks.

Chad Melbourne, Australia

But here's the **BAD NEWS ...**

THE LONGER YOU WAIT - THE MORE THIS PROGRAM COULD COST YOU!

No ... the price isn't increasing – **but YOUR RISK JUST WENT THROUGH THE ROOF ...**

Because, you now know about the program.

So trading without the protection of these vital secrets to stop you making bad trades is just like jumping out of a plane without a parachute, when one is hanging right there by the door.

These traders regretted the fact they didn't know about the program when they lost big bucks – **but YOU have no such excuse, now!**

ANY ONE OF THE TRADES I LOST WOULD HAVE TRIPLE PAID FOR THE PROGRAM

I had no idea why I was losing money since I thought I understood the market. Now I understand why there were some trades I should not have gone into and did. Any one of the trades I have lost one more than tripled paid for this program.

John New Mexico

PREVIOUSLY LOST MORE IN TRADES THAN THE PROGRAM COST

I recommend this to anyone who is interested in securing their own financial future. I lost more in one trade (several times) than the program cost.

Brad Stillwater, Oklahoma,

**I WISH I HAD YOUR INFO EARLIER –
IT WOULD HAVE SAVED ME THE PRICE OF A CAR**

I wish I had your information a month or so earlier. Spotting those turning points earlier could have saved me ... in lost profits. That could have bought me a fairly nice car.

Laura Wyoming, PA, USA

**IF I'D KNOWN YOUR METHOD A YEAR AGO
IT WOULD HAVE SAVED ME BIG BUCKS**

I recently completed your video workshop and I wish I was introduced to this method a year ago. It would have saved me big bucks.

Jeremy Dallas, TX

It's only fair to warn you

As you can see, one of the huge advantages of my program is the opportunity you have to be personally coached by me.

But there's a problem.

Because – just like everyone – I only have 24 hours in my day and coaching is very time-consuming.

And I have to keep the member's area updated. And, naturally, I have to do my own trading, to keep my finger on the pulse of the market.

So I regretfully have to reserve the right to withdraw my one on one coaching without notice at any time.

As you've seen from the many testimonials I have from my delighted clients, this program can truly change your life for the better – even empowering you to step off the job treadmill and become a full time forex trader.

So, I'm sure you'll agree with me that ...

This is one of your Crossroad Days

Most days are pretty much the same.

Then, occasionally, there comes a day with the awesome power to change your life for good or ill – depending on which of two choices you make.

I call them Crossroad Days.

They are the sort of life-determining days when, for example, you selected a college to attend.

Or the day you decided on a career.

And the day you choose your life partner.

And there is THIS DAY.

Because you now have the power to decide the future course of your life ...

So you can either ...

Carry on trading forex as you are doing now ... constantly at risk of making a few FATAL trades that could wipe you out entirely - and ignoring the very opportunity my happy clients wished they had known about sooner.

OR ...

You can recognize what a wonderful opportunity I'm handing you here, where you can become a highly effective forex trader, seize it eagerly and soon be in a similar happy position as my other delighted clients.

Sounds to me like your choice is a simple one. So I'm really looking forward to welcoming you inside the member's area.

Sincerely,

Long Hang Seng

Long Hang Seng
CEO CandlestickTrading.com

P.S. No need to finally decide until you've taken your sixty day test drive. You get full access to everything, so you could 'paper trade' until you're fully convinced my methods really are the REAL DEAL.

P.P.S. Because of time constraints, I will regretfully have to stop holding my one on one coaching sessions shortly. So the only way you can be certain of

not missing out on this most valuable part of the whole program is to go ahead right now.

P.P.P.S. I'll leave the last word to "You can take profit"

WHAT I'VE BEEN LOOKING FOR
